

K.M.C. and M.M.C v. Clark County Dept. of Family Services, No. 68469, Order of Affirmance (Unpublished Disposition Apr. 15, 2016)
SC UNPUB

Dept. of Family Services attempted to terminate the parental rights of both parents due to drug use. Father complied with his case plan, mother did not. Her rights were terminated, but father's were not.

Appellant argued -- for the first time on appeal -- that the Court did not address token efforts made by the father during the time the children were removed from the home. The Court declined to hear this argument since it was not argued in the lower court.
